

THE COAST

Class Summery:

'The Coast' is an exciting yet informative look at the features that define our stunning coastline and an in-depth look at how these features are formed. We also look at what animals we can find around the coast and what features they have that allow them to live there.

Links to School:

'The Coast' relates to Key Stage 2, and has curriculum links to Geography, landscapes and living things.

Suitable Ages:

Suitable for ages 8-11, years 4-6. This can also be a refresher class for children in year 7.
